

Schedule an Appointment with your Provider or Specialist

From the MyChart main page:

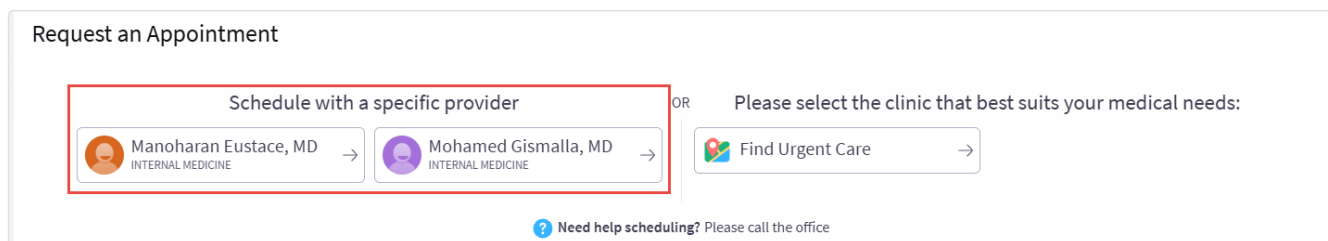

- 1 Click on visits

- 2 Choose "Request an Appointment"

- 3 Choose the provider you wish to schedule an appointment with. (Only providers you've had an appointment with in the past year should show here). You can also access the Urgent Care workflow from this screen.

- 4 Choose the appointment type you are looking for. (If you do not see the type of appointment you wish to schedule or are unsure, contact the clinic directly to schedule. Scheduling the incorrect appointment type increases the risk of your appointment being canceled/rescheduled by the clinic)
